Old Business:

- Bulletin Board

We are thinking, about having a Bulletin Board in the House – making it the OHS members responsibility to keep everything on the board up to date. Jay offered to make sure it is up date in the assistants emails – thinking about what exactly needs to go onto the board (What exactly of all the information do you put on it?) - Online has some good sides too – thinking about putting it online & printed in the houses for short times. (Like putting memos (heat) on the board)

New Business:

Follow up Beth: Might have to have surgery on elbow - Carl was doing some cleaning of the slime

Committee Member Follow Ups:

- Jay is going to look into what needs to be on the Bulletin Board
